THIS PAPER may be found on the corner of the 10th and 11th streets, where advertising contracts may be made for it. **NEW YORK.**

FRIDAY, OCT. 21, 1887.

The decision dismissing the petition against the return of Mr. Scarth for Winnipeg is very satisfactory, and his many friends throughout the Dominion will learn it with much pleasure. Of course the decision may be appealed from, but should such a course be adopted, there is no reason to expect a reversal of the judgment.

The London, Eng., correspondent of the *Globe* cables that the impression grows clearer now than ever that the inevitable issue of the struggle will be a compromise between the Manitoba and Dominion Governments by which the Canadian Pacific will receive an equivalent for the surrender of the rights they claim. Such a result would be most satisfactory. An arrangement by which the monopoly right would be purchased all along the line of the forty-ninth parallel is much to be desired.

The General Assembly of the Knights of Labor is being held in Minneapolis. While there is room for the criticism that the labor organizations sometimes do things with a high hand in their anxiety to carry their point, it has been clearly shown that the aspirations cast upon them by an American revivalist, who has been preaching the gospel of charity and love, were unjust and unequalled. Every man or woman who works for a living is justified in trying to get the highest market wage for the labor performed, and if this can be better done by organization than by individual effort, then the laboring classes are wise in organizing and making use of such influences as they possess. Sam Small was very severe on the knights of labor, and they will not soon forgive him for it.

Everybody who knows anything about yachts, besides everybody who does not, has taken an interest in the great yacht race between the Scotch Thistle and the Yankee Volunteer. It is a compliment to the Thistle to speak of the competition as a race. It was rather a pro-

cession. The result is depressing to those who looked forward to a close race, if not indeed to a triumph for the Scotch yacht. But neither the wind nor the waves were kind to the visitor, and she had the melancholy satisfaction of following in the wake of the Volunteer mile after mile over the whole course. There is scarcely a Scotchman anywhere who will not feel a twinge of regret at the result of the race. The Thistle had the pleasure of chasing the Volunteer at a distance of some three miles, but if it were a question of crossing the Atlantic not one in a score would choose the faster boat, the idea being general that the Volunteer was built rather for speed than safety, and the Thistle rather for safety than speed. However, the Yankee boat has won the day, thus retaining the cup, and our fellow subjects over the briny will now have the benefit of their American experience in building another yacht.

The *Toronto Telegram* says Mr. Norquay is being censured because he did not accept the offer made by a Winnipeg broker to take over the bonds of the Red River Valley railway, instead of trying to raise the money in New York, Montreal and other places. It is only fair to Mr. Norquay to say that the offer was made last June, before the railway charter had been disallowed. The failure to raise the money necessary to pay the contractors is a serious obstacle, although it might in time be overcome, but a more serious obstacle is the decision of Chief Justice Waddell to the effect that Manitoba does not possess the right under her Public Works Act to expropriate land for building the railway. It is possible for the Manitoba to push ahead and build their competitive line to the face of all law, provided the contractors are willing to take the risk of the money being forthcoming. But this the contractors intimate they are not prepared to do. "They will not build the road in the face of injunctions hanging over their heads and render themselves liable to imprisonment." What then is to be done? The position of Mr. Norquay is not a pleasant one. On one side of him is Sir John, his party godfather, holding up a warning finger and backed by all the influence of the C. P. R., while on the other are the people of Manitoba clamoring for a competitive road to the boundary line. To make matters worse poor Norquay is accused by his political opponents of being a traitor, and of playing into the hands of the enemy.

The *Winnipeg Morning Call* says: Advice from Ottawa state that a change has been made in the distribution of departmental work among the Ministers, by which Sir John Macdonald gives up his position as Superintendent General of Indian Affairs, which has been assumed by the Minister of the Interior, the Hon. Thomas White, in addition to his other duties, while Sir John will retain the presidency of the Council and the control of the Mounted Police. This change has doubtless been necessitated because Sir John's time is likely, in the near future, to be fully occupied with the important duties with which he will be charged as a member of the Fisheries Commission. Until 1883 Indian affairs were administered by the Minister of the Interior, when Sir John resigned the Ministry of the Interior in favor of Sir David Macpherson and retained the superintendency of them. He has managed them with his usual ability, and to the satisfac-

tion of all reasonable people. The Interior and Indian Departments go well together. They are both intimately connected with Northwest matters, and should always act in harmony with one another. They both require the supervision of one well versed in the needs of the white and red population of Manitoba and the Territories. There is not the least doubt Mr. White will fill the position of Superintendent General of Indian Affairs with as much credit to himself and advantage to the people as he has done that of Minister of the Interior. He possesses a thorough and practical knowledge of this part of the Dominion; and has taken general pains to make himself conversant with the wants and wishes of all sections of the community. We congratulate him on his appointment and confidently anticipate that his administration of Indian affairs will be thoroughly satisfactory.

ACTON BURROWS
President and Editor-in-Chief

TERRITORIAL NEWS

REGINA.

From the *Leader*, Oct. 4.
Eighty-six in the shade last week. The atmosphere was thick with smoke on Sunday night, betokening the near proximity of prairie fires.

Increasing business and the large number of buildings going up indicate that Regina, like the *Leader*, is flourishing.

A gang of workmen, under Mr. W. Mullard and in the employ of contractor McCrell, left last week for Wood Mountain, where they will erect Police Barracks.

There has been a year of mammoth vegetables for the North-West as well as Manitoba. We expect that the vegetable shown on the 10th and 11th inst., will surprise even old residents of the Territories.

A deer shot by Mr. Winstanley at Long Lake has been brought to town and sold. The dressed weight was 275 lbs. Mr. J. T. Stenhouse secured the head—a fine specimen—and has it mounted.

A correspondent writing from Wapella says: "On Saturday the 24 inst., about 11 a.m., a party of four witnessed the unusual sight of a brilliant meteor in the brightest sunshine, its course being N.E. to S.W. It exploded without noise emitting a brilliant fluid like effluent quick silver. When seen our party was 15 miles south of Elkhorn. Should any of your readers have witnessed same, they will perhaps say where they saw it."

EDMONTON.

From the *Bulletin*, Sept. 17.
W. Humberstone burned 80,000 bricks this season.

Frank Halland & S. Moran have secured a five years lease of the privilege of mining coal under the McLeod estate in town from A. Macdonald and Co.

There is some talk of erecting a public hall in Edmonton this fall or winter. A. Macdonald & Co. have offered a lot for that purpose. The project has not yet taken definite shape.

Monday was rainy and a few snow flakes could be seen in the air. A heavy frost occurred on Tuesday night, 20th inst., which wound up vegetable growth for the season, except in the case of cabbages and hardy roots. Last year, this frost heavy frost which marks the line between summer and fall occurred on Sept. 15.

J. C. Canoll, H. B. chief factor in charge of McKenzie river district, with two sons, Jas. McDougall, chief factor in charge of Athabasca district, and C. P. Gaudet in charge of Fort Good Hope, McKenzie river district, and son, arrived from Winnipeg on Thursday evening. They leave for the north to-morrow, accompanied by Dr. McK. V. of Peace river district, and Archdeacon Reeves, church of England missionary at Fort Chipewyan.

BATTLEFORD.

From the *Herald* Oct. 1.
The thrashers are all busy, and the returns fully equal the most sanguine expectations.

Archdeacon John A. McKay and the Rev. J. Wright, both of Prince Albert, arrived here on Friday morning.

On Tuesday Mrs. Peter Ballendine left for Prince Albert. Masters James Ballendine and John Carney went down with her to enter Emmanuel College.

Louis Dubois, who spent the summer on the lake up here for making too free with his neighbors' picket line, is in trouble again. When on his way from South Fork with Robert Macdonald, not work he was overhauled by the Indians and taken to Maple Creek to stand the trial for horse breaking and theft committed in the north last winter.

CALGARY.

From the *Frederator* Oct. 7.
Judge Houston left on Wednesday for Edmonton to hold office.

A mounted policeman took two horses and broke this afternoon.

The Vancouver Pacific Co. will ship 200 tons of cattle to Montreal in a day or two. It is not certain whether they will be sent across the border or not.

Mr. W. H. Smith, of Prince Albert, who has been in the west yesterday, returned to his home in Regina, and he will return to Regina to-morrow.

Several cases of robbery are reported from Donald. Wood & McBride's store was broken into as well as Dell's jewelry store. The sheriff has his hands full but has declared his intention of exterminating the bad characters, and the majority of the people supports him in his attempts.

LETHBRIDGE.

From the *News* Oct. 5.

Fifty new coal cars for the N. W. C. & N. Co.'s Railway have arrived at Dunmore and are now being set up there. This will enable the company to put out a considerable amount more coal.

The excavation for the basement of the new Union Bank building is nearly completed and most of the stone is on the ground. The building is to be of stone, two stories with basement, and will be the finest in the town.

The yardmaster at Medicine Hat, named Smith, was killed at that place on Saturday last. He jumped off the engine and was running ahead to open the switch, when he slipped and fell, the engine passing over him. He only lived a short time after the accident.

The body of one of O. S. Main's children, which was drowned a week ago Sunday, was found a short distance below where the accident occurred. It was brought into town on Saturday and interred in the cemetery here. The cause has not yet been found.

CANADIAN.

Ottawa, 6.—A French Canadian will receive the appointment of deputy clerk of the privy council.

The half-breed commission, which has retraced its steps to Green Lake, will visit Fort Pelly before returning home.

H. Hurteau, ex-M.P., French repatriation agent of the Dominion Government, left last night for Manitoba, where he will inspect lands for prospective settlers.

At a meeting of the executive committee of the Dominion rifle association it was decided to make a refund of the entry fee to non-competitors applying to the secretary.

A petition bearing six thousand signatures has been presented asking for a date for the repeal of the Stork act in Stormont, Dundas and Glengarry.

Four cruisers in all have been withdrawn from the fishery protection service.

Contracts have been awarded by the Department of Railways for the manufacture of about 500 new cars for use on the line of the Intercolonial.

Capt. Dawson, D. L. S., New Glasgow, N. S., of the Canadian Pacific Colonization company, with a capital stock of \$100,000, is here. He leaves for Calgary to-night. The corporation which he has just organized in England has a grazing lease of a tract of land 100 miles in extent, south of the Blackfoot Crossing.

His proposal is to build a barbed wire fence this fall around this square, start an enormous stock farm, and supply newly arrived emigrants with horses, cattle, or even carts, at the lowest possible rate. The barbed wire men at Winnipeg will be interviewed on the way west. He says the stockholders include Archbishop of Canterbury.

Capt. James Deveraux, of the Government steamer Sir James Douglas, stationed on the British Columbia coast has been appointed superintendent of the dry-dock at Esquimaux.

Preliminary steps towards holding an industrial exhibition here annually are now being taken.

Owing to the prevalence of Asiatic cholera in Europe, an Order in Council has been passed prohibiting the importation of rags from Mediterranean ports.

Cardinal Taschereau has declined the offer of the Quebec diocese as temporary quarters.

Frederator, Oct. 6.—Tracklaying on the Manitoba & Hudson was completed to within a few yards of the boundary line at 10 o'clock to-day, the whole work not being finished owing to the supply of rails not having arrived. The road, however, is practically at the boundary. There were several ladies and gentlemen present and when a running cheer announced the last spike driven, the workmen and visitors were invited to partake of refreshments, generously provided by the Hudson Bay company's store at West Lynn. Regular trains will be run from Winnipeg south to St. Paul, Minn., and during next week from Winnipeg.

**SASKATCHEWAN
DIRECTORY**

At the request of a number of influential citizens of the district, I have decided, on or about the first of 1888, to issue a directory of the District of Saskatchewan.

It will embrace besides the usual matter contained in such publications, sketches of the rise and progress of the various settlements throughout the district, setting forth their natural resources, and giving a crop report for the year 1887.

It will also contain views of the town of Prince Albert, and of the surrounding agricultural belt, showing the place of residence as well as possible, and post-offices, churches, and other directions.

No issue will be spared to make it thoroughly reliable as a source of reference to business men and others.

Advertisements will be inserted at the rate of 10 cents per line, or 4 per page. The insertion price to advertisers will be 75 cents per copy; to those not advertising 50 cents.

Orders for copies of Directory may be directed to J. J. Campbell, or F. N. Campbell, Stationers, Prince Albert.

Parties who have not sent in their advertisements, will please do so immediately. Times sentimen, also, who have kindly printed for their respective settlements, etc., will please not forget to add within the next two weeks, or three at the latest.

The North-West Farmer will be mailed to any address from now to December 31st, 1887, for the regular yearly subscription, price ONE DOLLAR. All present subscribers, when renewing, will be marked up to the same date. New Subscribers will receive in premium pictures, "The Horse Fair" or its companion, "Coming from the Fair," 21 by 27 inches. The Publishers are desirous of placing the FARMER in every home in Manitoba and the North-West, hence the liberal offer now made. It is the only Agricultural and Stock Breeder's Journal published in the Canadian North-West. It is a 34 page monthly, handsomely got up, and a thoroughly practical farmers' paper. It is divided into departments, and the latest and best in formation obtained published.

The departments are:
AMONG THE FARMERS.
Containing descriptions of the farms (stock and agricultural) visited during the month.
AGRICULTURAL SOCIETIES.
Containing the news of the latest doings of the different agricultural societies.
LIVE STOCK.
Veterinary Department.—In which all veterinary questions will be answered free of charge by a prominent Veterinary Surgeon.
The Dairy, Poultry and Pet Stock.
Editorial.
The Field, Grain and Milling, The Garden and Forestry, Game and Sport, Books, etc. received, Exchange Mart, Chat's with Readers, Questions and Answers, The Household, The Markets.

These departments are supplied by thoroughly competent men, who are either themselves practical farmers or obtain their information by a close association with the best farmers in the country. Its original articles are copied by the best agricultural papers in the United States and Canada, and it is admitted by all to be the most reliable source of information on all lines of interest to the settler. To outsiders who wish to get posted on things as they are on the Red River and its tributaries, the cheapest and safest guide is the North-West FARMER, whose travelling correspondent has admittedly a more thorough acquaintance with the pioneer farmers than any other in the country.

SEED GRAIN.

The following good news is a copy of a letter received at the local Dominion Land office, and which will be read with interest by our farmers.

"Office of the D. L. Commission, Winnipeg, 4 Oct. 1887.

Sir,—I am directed to request you to inform the editor of the Prince Albert newspaper that it is the intention of the Minister of Interior to endeavor to accept bushel for bushel of the seed advanced to settlers, and that pending the decision on this question you are authorized to accept bushel for bushel on account, and to issue a formal receipt later.

I have the honor etc.,
(Signed) F. R. Burpee,
Secretary."

GENERAL NEWS.

Montreal, Oct. 9.—Senator St. Laurent, the renowned king of the St. Lawrence, so called for his ingenuity for monopolizing the steamboat service, is dying and is not expected to live through the night.

Toronto, Oct. 9.—Cardinal Taschereau dined at Government house last night, and laid the cornerstone of St. Paul's church in the presence of a large crowd.

Montreal, Oct. 9.—Four young men performed the feat of running the La Chénier rapids in small canoes this afternoon. This has only been done once before to human knowledge.

Montreal, Oct. 9.—W. Craig Baynes, secretary of McGill college, died very suddenly this afternoon; aged 78.

Quebec, Oct. 9.—A dreadful affair occurred at St. Philippe, Kamouraska, a few days ago. A brakeman on the Intercolonial railway, named St. Jean, warned by the parish priest, that his mother and sister were in a house of ill-fame, went there with the object of removing them. He was met by a ruffian named Bonadieu, and a fight ensued, during which the latter drew a revolver and shot St. Jean in the chest. Bonadieu then fled and is believed to be in the States.

Montreal, Oct. 9.—Mr. Oels, Canadian Pacific traffic manager, denies the telegraphed statement that the company has not time to move the Manitoba grain crop. From an official statement just received it appears that 49,000 bushels of wheat have been received at various points during the past week and 210 cars have been ordered for traffic, while 300 cars were on hand to supply this demand.

Quebec, Oct. 9.—There has been another hitch connected with the three and a half million loan which Premier Mercier announced with a great flourish of trumpets, had been floated. It is difficult to understand what is the matter, but the treasurer has gone to New York to have another try at floating it.

Montreal, Oct. 9.—Hon. Mr. Chapleau and wife returned from Europe Saturday, in much improved health. He denies he has any intention of accepting the governorship of Quebec and approves of Sir John's refusal to participate in Mercier's provincial conferences.

Montreal, Oct. 9.—Batiff Phaneuf, the originator of the famous champ de mars demonstration after Reila's death and the most prominent leader of the agitation, has received his reward, Mercier having appointed him collector of local revenue in this district.

Galesburg, Ill., Oct. 9.—A very successful descent from a height of one thousand feet was made here yesterday by Ned Hathaway in thirty seconds. The ascent was made by aid of a hot air balloon. The parachute of a new pattern and twenty eight feet in diameter. The descent was a magnificent sight, the parachute looking like a huge inverted rose. Hathaway struck the ground very lightly and remained standing.

Seattle, W. T., Oct. 9.—L. R. Shaw, a real estate operator here, has been taken into custody on complaint of his wife. He is charged with maintaining illicit relations with his stepdaughter, aged 14. The crime was first perpetrated when the child was 12 years of age. The case in all its details is heartrending and pitiful in the extreme. Shaw remains in jail.
